Dear Billie:

It is with great pleasure that I write in support of Designated Drivers, Inc. for creating awareness to reduce impaired driving incidents.

Designated Drivers, Inc. is committed to offering businesses and individuals sensible alternatives to impaired driving by providing drivers to transport customers in their own vehicles, 24 hours a day, 7 days a week. Your service keeps impaired drivers off our roads and protects motorists who would otherwise be vulnerable to unsafe drivers.

I commend you on your vision, energy and effort. I applaud you for providing a quality service that puts the safety of our citizens first.

Best wishes and much success in this worthwhile endeavor.

Sincerely,

SHELLEY BERKLEY
Member of Congress
