Subject: Designated Drivers High Recommendation

To Whom It May Concern:

We used your service last year at the NHRA Drag Races at the Las Vegas Motor Speedway. The safe ride home saved our lives because we all were too drunk to drive. We were at the NHRA's at LVMS this last weekend. We're concerned with the distance the Designated Drivers Tent was from the exit. The Designated Drivers Tent was outside the gates and off to the side. I did not need a ride this time but I might have missed the tent in the location in last NHRA event. I would like to recommend that the Designated Drivers Tent be located closer to the exit. Designated Drivers was the best and I would like to highly recommend them.

Thank You,

Ric XXXXXXXXXX
