RE: Designated Drivers, Inc.

Dear Billie:

Thank you for providing my office with the information on your service, Designated Drivers, Inc.

With the continued growth in Las Vegas, and the continued climb in alcohol-related accidents, the need for a program that provides intoxicated drivers with a safe transport home is critically important. Designated Drivers recognizes that people need to have their personal vehicles, and thus you provide a service where licensed professional drivers will take the intoxicated driver and their vehicle safely home. This also promotes public safety by removing impaired motorists from our public roadways.

Designated Drivers, Inc. is to be commended for providing service 24 hours a day, 7 days per week for our community.

My continued best wishes for success.

Respectfully,
