TO WHOM IT MAY CONCERN

Over the few years, UMC Trauma Services has had the privilege of working with Billie Smith of Designated Drivers, Inc. He has volunteered his professional services to various trauma prevention activities. In my opinion, Designated Driver is a much needed resource for any community activity that involves alcohol and/or alcohol awareness.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregg Fusto", is written over a light blue horizontal line.

Gregg Fusto, RN  
Clinical Manager, Level I Trauma Services
